

September 2023

Across the Treetops Learning Community, we subscribe to an App called "Evidence for Learning" which enables us to record observations of pupils' experiences and achievements.

We would like to invite our parents to start accessing this app in order for us to share these experiences with you. **If you are already using the EFL app, thank you and please ignore this message!!**

We are also encouraging parents to share your child's achievements at home with us. This could be anything from homework, cooking, gardening or gymnastics!

We have set up an EFL account for you on the Evidence for Learning Family App. Your password has already been emailed to you.

Please check your inbox (or junk) for an email from Evidence for Learning/services=theteachercloud.net@efl.theteachercloud.net

Please also find some "EFL instructions for parents" attached. When registering, the domain name is treetops (all lower case) .

If you haven't received the email containing the password please contact the school office.
